Ravi verma

Node.js Developer | SQL | JavaScript | MongoDB | GraphQL |
RESTful APIs | Backend Development | Docker | Git | Typescript |
Socket.io

New Delhi, Delhi, India

Summary

Passionate about backend development, I specialize in building scalable solutions using Node.js, SQL, and modern technologies. I'm driven by a strong commitment to innovation, problem-solving, and continuous learning. With a focus on delivering impactful results, I embrace challenges as opportunities to grow and create value. My goal is to stay ahead of industry trends, refine my skills, and contribute to high-quality, efficient projects. I thrive in collaborative environments where I can share knowledge, tackle complex problems, and make a meaningful impact on my team and organization.
